Delegate Smigiel Honored for Contribution to Sex Offender Legislation

Elkton, Maryland—Delegate Mike Smigiel of the 36th Legislative District of Maryland is being honored for his part in getting Maryland's child sex offender legislation passed during the special session in June.

The Minority Whip, Delegate Tony O'Donnell stated that "without Mike's efforts the bill may not have passed." Delegate Smigiel did a great job of working on this bill during the regular session. Mike had the foresight to resubmit a child sexual predator bill for the Special Session and worked aggressively for its passage. Many aspects of Mike's Bill were merged into Governor Ehrlich's Bill which was passed during the Special Session. Delegate Smigiel deserves this recognition, said Delegate O'Donnell.

Delegate Smigiel has been honored by having been selected to attend the bill signing by President Bush of the Federal Child Sexual Predator Bill at the White House.
